

Trina Odd, BBA

FINANCIAL PLANNING ADVISOR

Financial Planning Advisor Trina Odd is one of four children who enjoyed growing up in Hotham, Ontario (a small town between Nipissing and Restoule). From her parents, Trina learned that hard work always pays off. The fish they caught, the moose, deer and bear they hunted, and the vegetables they grew themselves were the main sources of food for Trina and her family.

Growing up, Trina developed a deep understanding of the fact that every dollar counts. She made her first investment at the age of 16. After “Black Monday” in October of 1987, her mother advised her to put \$1000 into the market while stocks were “on sale” – and this experience gave her a true understanding of investing long before she began her career.

Trina learned early on that there is no account “too small” to be worthy of investment, because over time even the smallest portfolio can become much larger; and she truly believes that a person’s value is never reflected by how much is in their bank account.

In 1994, Trina graduated from Nipissing University with a Bachelor of Business Administration (concentration in Economics). After 14 years in the field, she joined Senior Financial Planning Advisor Ian Jenner and Senior Financial Advisor Jamie Geisler, CFP® of Spire Advisors in 2008.

Trina is a country girl at heart. She enjoys spending time with her husband of 27.5 years (high school sweetheart Rob), and her two children. When she isn’t camping, fishing and 4-wheeling, you can find Trina playing volleyball on the court in the winter months, or on the beach in the summer with her lifelong friends.
